exploring the beauty and diversity of Chatham's natural and cultural abundance

## HEADING OUT

One of the more pleasant ways to greet a summer's morn is to head out on Jordan Lake for a leisurely paddle in search of a tranquil back water bay. Soaking in the sights, sounds and smells of the great outdoors while gliding almost silently over the mirror surface of one of Chatham's natural treasures evokes a sense of awe for the beauty of the earth and gratitude for Mother Nature whose nurture sustains every living thing.

border emergency and chickened out when it came time to vote.

There are Trump's congressional bootlicks, such as North Carolina's Mark Meadows and other members of the "Freedom" caucus, who seamlessly morphed from Tea Partiers elected to protect congressional authority from Obama's "executive overreach" to supporters of Trump's Imperial Presidency's defying of congress.

Their most recent canard concerns the claim of a "deep state" conspiracy in the FBI and U.S. Justice Department behind the Mueller Russian Collusion investigation.

The whole reason for that investigation had nothing to do with the Steele dossier nor any traitorous FBI agents. It had to do with the fact that on July 27, 2016, candidate Trump said: "Russia, if you're listening, I hope you're able to find the 30,000 emails that are missing, I think you will probably be rewarded mightily by our press."

Vlady Putin obliged him that very day. Russian agents sent phishing emails to accounts at a domain used by Clinton's personal office, as well as 76 email

addresses on the domain used by the Clinton campaign.

Trump also makes his opponents appear ridiculous. Take Congressional Democrats claiming collusion between Trump and Vlady Putin, going so far as to suggest Trump was a Russian asset. Are you kidding? Trump can't even collude with his own administration. He's not a Russian asset, he's a Russian stooge.

Then there is *The New York Times* and the rest of the mainstream national media. For the entirety of 2016 campaign, they stood behind their polling giving Hillary Clinton an overwhelming lead over Trump. So much for their credibility.

Worst are the Democratic Presidential Candidates. Trump separates families and locks up refugees in tent gulags; DPCs propose open borders, free healthcare and free lawyers for all migrants. Trump sabotages Obamacare, DPCs call for Medicare for all and the complete elimination of private health insurance. Trump denounces African American election officials and activist Al Sharpton. DPC's rush to Sharpton's defense, even though he's a race-baiting, self promoting con man and charlatan.

Just like President Trump.
